- (5) The train which had been dispatched in Ludwigslust most probably carried elements of the 348th Engr Bn of the 18th Meck Div. The train which came from Hagenow Land was loaded with elements of the 107th Gds Engr Bn of the 94th Gds Mtz Rifle Div. The two units moved to the Bittkau engineer training site.
- (6) This train probably carried individual tanks of the 74th (Hv?) Tank SP Regt of the 94th Gds Mtz Rifle Div. [REDACTED] 25X1A
- (7) Although of older date, the information is submitted as, in addition to the trains commented upon in paragraphs 1 through 6, it contains an excellent survey on the transfer to the Schweirich troop training grounds via the unloading stations of Wittstock and Darse of the 18th Meck Div stationed in Perleberg, Ludwigslust and Parchim. Specifically, 13 trains went from Perleberg, 13 from Ludwigslust and 12 from Parchim, or a total of 38. In early April, [REDACTED] about 30 troop trains were to be unloaded in the Wittstock area during the period from 12 to 18 April 1952. [REDACTED]
